NAICS CODES

- 339991** Gasket, Packing, and Sealing Device Manufacturing
- 326299** All Other Rubber Product Manufacturing
- 326291** Rubber Product Manufacturing for Mechanical Use
- 325212** Synthetic Rubber Manufacturing
- 326113** Unlaminated Plastics Film and Sheet (except Packaging) Manufacturing
- 326121** Unlaminated Plastics Profile Shape Manufacturing
- 326130** Laminated Plastics Plate, Sheet (except Packaging), and Shape Manufacturing
- 326199** All Other Plastics Product Manufacturing
- 541330** Engineering Services

At Seal Company, we are dedicated to providing government contractors with cutting-edge solutions that address their unique needs. With a focus on technology, innovation, and exceptional quality, we deliver reliable products and services that exceed industry standards. Our commitment to excellence and customer satisfaction makes us the ideal partner for government contracting projects.

HUBZone

Seal Company is proud to be HUBZone Certified, enabling us to participate in government contracting opportunities specifically designated for Historically Underutilized Business Zones.

QUALITY

Quality is our top priority at Seal Company. We possess some of the highest industry certifications, including:

- SAE **AS 9100** Rev. D
- **ISO 9001: 2015**
- **ITAR** Registered
- **UL®** Certified Repackager
- **GIDEP** Member
- **FAA** (Design house & a prime for the FAA)
- **CMMC** certification (in process)

These certifications demonstrate our commitment to delivering products and services of the highest quality.

MANUFACTURING

Seal Company is a leader in manufacturing, utilizing advanced technologies and processes to deliver innovative solutions. Our key manufacturing services include:

VULCANIZING: Enhance rubber/polymer durability and shape. Custom O-rings to your specifications.

GASKETS: Offer diverse materials and cutting options for optimal performance in any environment.

CNC KNIFE: Utilize our large CNC router for precise and customized shapes.

CLICKER PRESS DIE CUTTING: Ensure quality gaskets with fast and reliable die cutting.

LATHE & MILL OPERATIONS: Versatile machining capabilities to meet various manufacturing needs.

CAM (Computer Aided Manufacturing): Efficient CNC programming for optimal cutting results.

3D SCANNING: Accelerate reverse engineering by importing scanned data into CAD programs.

LASER CUTTING: Provide high-tolerance laser cutting services for plastics and metals using advanced equipment.

DISTRIBUTION

At Seal Company, we offer a wide range of distribution solutions to streamline operations and enhance efficiency. Our distribution services include:

JIT (Just In Time): Faster order delivery without wait times or expedited shipping fees.

Kitting: Streamline purchasing process with grouped parts as individualized items, speeding up procurement.

VMI (Vendor Managed Inventory): Expert representatives managing inventory needs, saving time and resources.

We offer innovative ways for fast and reliable delivery. Partnered with industry leaders like **Parker, Parco, SKF® Seals, SKF® Polyseal, Timken® Seals, Garlock®, Precix, Precision Associates, Spira, TEADIT®, KLINGER Thermoseal, Freudenberg, Kalrez®, 3M,** and more for diverse application solutions. Materials tailored to meet your specific needs.

Seal Company excels in working with a wide range of materials, particularly those with specific certifications or requirements. Our expertise includes:

- Aflas® (TFE/P, FEPM)
- EPDM (EPM, EPR)
- Neoprene Rubber (CR)
- Closed Cell Neoprene
- Nitrile Rubber (NBR, Buna-N)
- Fluorosilicone (FVMQ)
- Highly Saturated Nitrile (HSN, HNBR)
- Perfluorinated Elastomer (FFKM)
- Silicone (VMQ, PVMQ)
- Closed Cell Silicone
- Viton® (FKM)
- Red Rubber (SBR)
- Cork
- Cork & Rubber
- CeraTex®
- Wire Mesh
- Brass Shim
- Flexible Graphite
- Cloth-Inserted Materials
- Fish Paper
- Compressed Non-Asbestos (CNAF)
- Plastics
- Vegetable Fiber
- Gasket Paper
- Teflon® (PTFE, TFE)
- Steel Shim

WHY SEAL COMPANY?

High-Tech Solutions: CAD/CAM expertise for tailored solutions, turning ideas into reality.

Distribution Partnerships: Access to wide range of materials and resources through industry-leading suppliers.

Quality Certifications: Committed to delivering highest quality products, exceeding industry standards.

Customer-Focused Approach: Prioritizing satisfaction, building long-term partnerships, personalized support.

Innovative solutions, exceptional quality, and stellar service for government contractors.

Partner with us for success! Contact us now to discuss your specific needs and goals.
